DESTRUCTION SWIFT CHANGING PROGRAM

In Ten Minutes the City of St. Pierre Was Wiped Out.

NO TIME TO ESCAPE A FIGHT IS AHEAD.

While Deliberating on the Danger from the Volcano an Avalanche of Fire and Mud Destroyed the Place Completely.

London, May 15.—A correspondent of the London Times at Paris, has supplied his paper with an account of the St. Pierre disaster telegraphed to him by a friend from Fort de France Martinique. The report says:

"For three weeks Mont Pelee had been vomiting clouds of smoke but the smoke seemed so normal it was permissible for even those inclined to look on dark side, to not dread the catastrophe."

"At Fort de France, where the agi-

ST. PIERRE, WITH MONT PEELE IN THE DISTANCE.

tion of Mont Pelee attracted as it went on much attention, any anxiety which existed gradually died down when one May 5, violent eruption of mud and hot ashes, having been mingled with water in crater, overwhelmed the guerins works, killings 23 persons, and river in the north of the island was now swollen by a muddy torrent, noisily overflowing.

"On May 8 while there were still de liberations going on at Fort de France and at St. Pierre, where the night had been passed in anguish and ignorance as to whether the eruption of mud was a precursor of or the end of the disaster, St. Pierre was within 10 minutes completely wiped out."

TRANSFER OF GOVERNMENT

United States Will Relinquish Control on Cuba Next Tuesday.

Havana, May 15.—All the American forces will assemble at the palace next Tuesday at noon after the formal transfer of the government to the Cubans. A national salute will be fired and then the United States flag on the palace will be lowered, the American troops and the Cuban artillerymen presenting arms. Gen Gomez will then raise the Cuban flag, the troops presenting arms and a national salute fired.

The American forces will immediately board a waiting steamer. Five batteries of artillery will remain until transferred to points where the naval stations are located. At those places the American flag will fly within the fixed limits of camp, but outside of the camps these troops will be amenable to the island's civil laws. They are positively instructed not to interfere in Cuban affairs unless ordered to do so from Washington.

Control of the Monon.

New York, May 15.—Confirmation of the report that joint control of the Chicago, Indianapolis and Nashville and the Southern railways come from several authoritative sources. The terms of the deal are not disclosed but it is generally believed new interests in the Monon paid something like 75 for the common stock and 85 for preferred.

Nearly Completed to Hobart.

Guthrie, O. T., May 15.—The Frisco Railroad company has completed its extension toward Vernon, Texas, to a point six miles southeast from Cor-dell, O. T., and is nearing Hobart, O. T., where connection will be made with the Rock Island from Chickasha. The Rock Island has hitherto held full and undisputed sway over that entire country.

Still Fighting in Venezuela.

New York, May 15.—Dutch steamer Prinz Frederick Henrik has arrived from ports of Venezuela and reports that at Carupano, Venezuela, the people were in a state of defense having fought a battle with government forces a few days before. The town was barricaded and every man carried a rifle.

Want Canal Bill to Replace Cuban Reciprocity Measure.

Reciprocity Advocates Practically Agreed to Twenty-Five Per Cent Discount to Cuba—Proceedings of Both Houses.

Washington, May 15.—Now that there is a prospect of a vote being reached on the Philippine government bill next week the friends of Cuban reciprocity are growing more active and are bringing pressure to bear on the Republican steering committee of the senate to change the order making the Nicaraguan canal bill the next order of business and give that preference to the reciprocity bill. They have talked already with a number of members of the committee and find some of them friendly to the change.

The canal bill advocates, however, are determined to fight the change before the steering committee and if reciprocity wins then to transfer their fight to the floor of the senate. The reciprocity advocates are practically agreed on a bill giving straight reciprocity with 25 per cent discount to Cuba.

The Senate

Washington, May 15.—During the greater part of the senate's session Wednesday, the fortifications appropriation bill was under consideration. Mr. Proctor of Vermont offered an amendment providing that no part of the appropriation should be used for procuring disappearing gun carriages. The amendment precipitated a debate which continued for two hours and had not been concluded when the measure

JOHN R. PROCTOR.

was laid aside for the day. Mr. Proctor led the fight against the disappearing carriages, while Mr. Perkins of California warmly defended that kind of ordinance apparatus.

Soon after the senate convened the conference report on the omnibus claims bill was called up.

After discussion of the matter by Messrs. Bacon, Allison and Warren, the senate agreed to a further conference, Messrs. Warren, Teller and Mason being appointed as conferees.

The fortifications bill carried an appropriation aggregating \$7,946,481.

The House.

Washington, May 15.—The naval appropriation bill occupied the attention of the house throughout Wednesday. Mr. Dayton of West Virginia speaking on the need of strengthening our naval battle, while Messrs. W. W. Ketchin of North Carolina, Fitzgerald of New York, Metcalf of California and Maynard of Virginia strongly advocated the building of warships in government navy yards. The debate took a wide range at times, Mr. Rhea of Virginia speaking in criticism of the administration's Philippine policy, Mr. Elliott of South Carolina presenting the advantages of the proposed Appalachian forest reserve and Mr. Mahon of Pennsylvania indignantly denied statements contained in a circular sent to members, alleging that certain contributions had been made to his campaign expenses.

Opposed to Increase Appropriation.

Washington, May 15.—Members of the house appropriations committee are adverse to calling a special meeting of the committee for the purpose of considering an additional appropriation for the relief of the people of Martinique. They say that until that it is demonstrated that the amount of \$200,000 already appropriated is not sufficient to meet the needs of the sufferers it would be inadvisable to appropriate an additional amount in view of the widespread donations and the relief work.

Senators Go to Havana.

Washington, May 15.—Senator Money, Senator Mason, Senator Jones of Arkansas, ex-Senator Thurston and Representative DeArmond have left here for Havana to attend the inauguration of President Elect Estrada Palma.

FOR RENT!

New four room house within two blocks of I. & G. N. depot. Water outhouses, etc. Apply to Jno. B. Mike.

Evans Takes the Oath.

Washington, May 15.—Henry Clay Evans, who has retired as commissioner of pensions, has taken the oath of office as consul general at London. He will leave for his new post early in June.

The Report Denied.

Naples, May 15.—The report published in Paris that Mount Vesuvius is in eruption is without foundation.

Connerly Succeeds Morse.

Austin, May 15.—Fred T. Connerly of Austin has been appointed supreme court clerk to succeed Dr. Chas. S. Morse deceased. Connerly has been deputy clerk the past 14 years and competent to fill the position.

Union Station Bill Passed.

Washington, May 15.—The senate has passed the bill for a union railroad station in Washington.

BRAIN-FOOD NONSENSE

THE DAILY EAGLE.

Entered at the postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 10c. - Per Month, 40c.

FRIDAY MAY 16, 1902.

A dog hitched to a lawn mower stopped pulling to bark at a passer-by. The boy who was guiding the mower said: "Don't mind the dog; he is just barking for an excuse to rest. It is easier to bark than to pull this machine." It is easier to be critical than correct; easier to bark than work; easier to pull a house than to build one; easier to hinder than to help; easier to destroy reputation than to build character. Fault-finding is dangerous as it is easy. Any man can grumble, criticize or condemn the Pharisees, but it is a great soul to go on working bravely and lovingly, and superior to it all.—Christian wealth.

vasota correspondent of the News says: "The owners of this section are the advisability of erecting a factory of large capacity in this city. This will have to be done before the growing of vegetables. Some growers are complaining of returns recently received from northern markets. There is discussion here in reference to building of this factory that will come all the truck products."

Trust reform agitation instigated by the administration is being, by the knowing ones, as one of bluff pure and simple, is not intended to hurt the pampered pets. The business of Attorney General Knox from now on will be to keep up the racket after the election, the people being asked to suspend judgment until the results of the republican policy is known.

Judge George Clark, of Waco, has been selected as one of the delegates from McLennan county to the next democratic state convention. Judge Clark may again be influential in the party, but it is hardly probable that the old names, "Warwick," "the Little Giant" will ever again be appropriate.

Clips From The Battalion.

Following are some of the smart sayings in the local columns of the current number of the Battalion—April-May number just out:

Permutations, combinations, examinations. But give us vacations.

Wanted—Some kind gentleman who will shave Kerr, I., for nothing.

Pocket wants to know if our new president is an ancestor to Gen. Sam Houston.

Batte says that Queen Anne was a good king and had the welfare of her people at heart.

Jacob says he wants the boys to stop writing about him as his girl is getting read headed about it.

Heavenly Mollie Blake says this butterfly life is all a mistake—the young ladies must stand aside.

Prof.—Yes, we will have an apiary here.

Carpenter—What is an apiary—a place where they keep apes?

Capt. Markham attended the reunion at Dallas and says he saw more people than he has seen since he left Paragould, Ark.

The reception on Friday evening, April 25, given by Miss Nan Parks and Bachelor Girls of Bryan was the swellest affair of the season.

Only one more issue of The Battalion for the year 1901-02. If the corps will give its aid the commencement number can be made the best that has ever been published.

Query—How much wood would a wood-chuck chuck if a wood-chuck would chuck wood?

Answer—As many drops as the dew-drop drops if dew-drops do drop dew.

County Court Notice.

Notice is hereby given that on the second Monday in June, 1902, the same being the 9th day of said month, the commissioners court of Brazos county will meet as a board of equalization for the purpose of equalizing the taxes of Brazos county. By order of the commissioners' court.

Repairing neatly and promptly done. Shop in rear of Zulch building, south of the Post office.

DAUGHTER DIED

Who Received Medical Aid for His Dying Daughter.

BELIEVED IN PRAYER

He Remained by Her Bedside and He Prayed While She Lay Suffering Agony from Fatal Burns from a Gas Jet Igniting Her Hair.

Chicago, May 15.—Esther Dowie, daughter of "Dr." Alex Dowie, proprietor of "Zion," died Wednesday night of burns, having suffered for hours without medical attendance while "Elijah II" prayed for her.

Miss Dowie was 23 years of age, and a student at the University of Chicago. Wednesday morning her hair caught fire from a gas jet and her head and face were horribly burned. The "divine healer" hurried to her bedside from his new City of Zion at Waukegan.

Upon his arrival all attendants were excluded from the room and Dowie sunk to his knees in prayer. His supplication lasted all day. He refused to cease even to take nourishment which his followers would have pressed upon him. The patient was unconscious much of the time, but even this did not move the father to break from his doctrine and send for medical aid. The patient died at 9 o'clock in great agony, having returned to consciousness a short time before.

News of her death did not come out until today when the coroner was notified and an inquest held.

YELLOW FEVER.

Governor Wood Holds to the Theory That Mosquitoes Spread It.

Havana, May 15.—General Wood has had a long talk with President Hendry of the Florida state board of health about the yellow fever experiments, quarantine and other preventive measures for the protection of the south Atlantic states. Governor Jennings and President Hendry came to Cuba especially for information or sanitary conditions and the possible effect on Florida of the change of sanitary control here.

Governor General Wood assured them that there is no danger. He said the fever is not due to filth or contagion, that a sure preventive of the spread of the disease is to confine the patient in a room inaccessible to mosquitoes.

Saw Her Child Burn.

New York, May 15.—Crippled with rheumatism and unable to move from her bed, Mrs. William Wagner of Newark, N. J., saw her daughter Edna two and a half years of age, burn to death, within a few feet of her bed. Mrs. Wagner has been unable to get out of bed for a month. While her nurse was absent the child procured matches and, while playing with them, set fire to her clothing and the curtains. Mrs. Wagner screamed loudly but the child was fatally burned before assistance arrived. After the fire, which had spread about the rooms, had been quenched, Mrs. Wagner was found to be unconscious.

The Stokes Lived in Brooklyn.

New York, May 15.—Margaret Stokes, the nine year old child, who is one of the survivors of the steamship Roraima, which was destroyed at St. Pierre, is the only remaining member of a family of five that lived in Brooklyn up to a few months ago. The child's father was Clement Stokes, at one time a well-to-do merchant of Barbadoes, B. W. I., but for the last few years a bookkeeper for a department store in Brooklyn. Stokes died recently and the widow was returning to the home of a wealthy sister in Barbadoes.

Probably Corrigan's Successor.

Rome, May 15.—There are persistent reports at the Vatican that Bishop Charles McDonnell of Brooklyn, N. Y., is likely to be the successor of the late Archbishop Corrigan of the archdiocese of New York. Nothing, however, has been decided pending receipt of names of three candidates whom the clergy of the archdiocese will send and from which an archbishop will be chosen. High authority at the Vatican said to a correspondent of the Associated Press it seemed as though Bishop McDonnell could have the appointment for asking.

Higher Than for Twenty Years.

Chicago, May 15.—Cattle prices were higher at the Union stock yards Wednesday than for almost 20 years. The top price for the day, \$7.60, was 10 cents in advance of the high mark last week. All the offerings were snapped up. The prices of hogs and sheep also made record marks for the year.

Believed Morgan Has Cunard Line.

London, May 15.—In the house of commons the president of board of trade, Gerald Balfour, informed Rear Admiral Charles Beresford, Conservative, that he had reason to believe a contract existed giving the American shipping combine the right to take over shares of the fleet of the Cunard line.

Brooklyn Gone to Havana.

New York, May 15.—The cruiser Brooklyn has left the Brooklyn navy yard for Havana, where she is to take part in the maneuvers attending the inauguration of President Palma, and bring back Governor Wood.

Raymond L. Drouibet of Denison, Texas, lost four sisters in the St. Pierre disaster.

WILSON & JENKINS.

THE DAILY EAGLE.

Entered at the postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 10c. - Per Month, 40c.

FRIDAY MAY 16, 1902.

A dog hitched to a lawn mower stopped pulling to bark at a passer-by. The boy who was guiding the mower said: "Don't mind the dog; he is just barking for an excuse to rest. It is easier to bark than to pull this machine." It is easier to be critical than correct; easier to bark than work; easier to use a house than to build one; easier to hinder than to help; easier to destroy reputation than to build character. Fault-finding is as dangerous as it is easy. Any man who grumbles, criticizes or censures the Pharisees, but it is a great soul to go on work bravely and lovingly, and superior to it all.—Christian wealth.

Vasota correspondent of the News says: "The writers of this section are of the advisability of erecting a factory of large capacity in this city. This will need to be done before the growing of vegetables. Some of the growers are complaining that the recently received from northern markets. There is discussion here in reference to the building of this factory that will produce all the truck products."

Trust reform agitation instigated by the administration is being met by the knowing ones, as one of bluff pure and simple, is not intended to hurt the pampered pets. The business of attorney General Knox from now on will be to keep up the racket until after the election, the people being asked to suspend judgment until the results of the republican policy is known.

Judge George Clark, of Waco, has been selected as one of the delegates from McLennan county to the next democratic state convention. Judge Clark may again be influential in the party, but it is hardly probable that the old names, "Warwick," and the "Little Giant" will ever again be appropriate.

Clips From The Battalion.

Following are some of the smart sayings in the local columns of the current number of the Battalion—April-May number just out:

Permutations, combinations, examinations. But give us vacations.

Wanted—Some kind gentleman who will shave Kerr, I., for nothing.

Pocket wants to know if our new president is an ancestor to Gen. Sam Houston.

Batte says that Queen Anne was a good king and had the welfare of her people at heart.

Jacob says he wants the boys to stop writing about him as his girl is getting read headed about it.

Heavenly Mollie Blake says this butterfly life is all a mistake—the young ladies must stand aside.

Prof.—Yes, we will have an apiary here. Carpenter—What is an apiary—a place where they keep apes?

Capt. Markham attended the reunion at Dallas and says he saw more people than he has seen since he left Paragould, Ark.

The reception on Friday evening, April 25, given by Miss Nan Parks and Bachelor Girls of Bryan was the swiftest affair of the season.

Only one more issue of The Battalion for the year 1901-02. If the corps will give its aid the commencement number can be made the best that has ever been published.

Query—How much wood would a wood-chuck chuck if a wood-chuck would chuck wood?

Answer—As many drops as the dew-drop drops if dew-drops do drop dew.

County Court Notice.

Notice is hereby given that on the second Monday in June, 1902, the same being the 9th day of said month, the commissioners court of Brazos county will meet as a board of equalization for the purpose of equalizing the taxes of Brazos county. By order of the commissioners' court.

Select your grip,
And be prepared
To take your trip.

HUNTER &
...CHATHAM.

The first nine ball team of the graded school and the Allen Academy second nine played ball yesterday, the result being a victory for the graded school boys by a score of 7 to 11. This is the first time the A. A.'s have been beaten this season.

As a result of the tea given Wednesday afternoon by Misses Pauline Webb and Frances Chance at the home of Mrs. W. H. Oliver, \$11.65 was realized for the Methodist church communion table.

Estray Law Void

Denison, Tex., May 15.—Judge Gill of the Northern district of the Indian Territory has declared that the estray law of the Cherokee nation is void as it was passed after the Curtis bill went into effect, and that made null and void all laws enacted by the legislature after that time.

More Honors for Wu.

Pekin, May 15.—An imperial edict has been issued, appointing Wu Ting Fang, the Chinese minister at Washington, and Sheng Chia Peng to prepare a code of Chinese laws on modern lines. Wu Ting Fang will be probably soon be recalled to China to undertake this work.

Kruger Makes Contribution.

Paris, May 15.—Former President Kruger has sent a message of condolence to President Loubet in which he says that although handicapped by circumstances, he desires to emphasize his sympathy by contributing 500 francs toward the Martinique fund.

Delegate from Porto Rico.

Washington, May 15.—The committee on insular affairs of the house has ordered a favorable report to the bill to provide for a delegate to the house of representatives from Porto Rico.

Cuban House Elects Officers.

Havana, May 15.—The house of representatives has elected Pelayo Garcia president, Carlos Font and Carlos Céspedes vice presidents, and Alfredo Manduley and Antonio Perez secretaries.

DAUGHTER DIES

Who Received Medical Aid for His

Dying Daughter.

BELIEVED IN PRAYER

He Remained by Her Bedside and He Prayed While She Lay Suffering Agony from Fatal Burns from a Gas Jet Igniting Her Hair.

Chicago, May 15.—Esther Dowie, daughter of "Dr." Alex Dowie, proprietor of "Zion," died Wednesday night of burns, having suffered for hours without medical attendance while "Elijah II" prayed for her.

Miss Dowie was 23 years of age, and a student at the University of Chicago. Wednesday morning her hair caught fire from a gas jet and her head and face were horribly burned. The "divine healer" hurried to her bedside from his new City of Zion at Waukegan.

Upon his arrival all attendants were excluded from the room and Dowie sunk to his knees in prayer. His supplication lasted all day. He refused to cease even to take nourishment which his followers would have pressed upon him. The patient was unconscious much of the time, but even this did not move the father to break from his doctrine and send for medical aid. The patient died at 9 o'clock in great agony, having returned to consciousness a short time before.

News of her death did not come out until today when the coroner was notified and an inquest held.

YELLOW FEVER.

Governor Wood Holds to the Theory That Mosquitoes Spread It.

Havana, May 15.—General Wood has had a long talk with President Hendry of the Florida state board of health about the yellow fever experiments, quarantine and other preventive measures for the protection of the south Atlantic states. Governor Jennings and President Hendry came to Cuba especially for information or sanitary conditions and the possible effect on Florida of the change of sanitary control here.

Governor General Wood assured them that there is no danger. He said the fever is not due to filth or contagion, that a sure preventive of the spread of the disease is to confine the patient in a room inaccessible to mosquitoes.

Saw Her Child Burn.

New York, May 15.—Crippled with rheumatism and unable to move from her bed, Mrs. William Wagner of Newark, N. J., saw her daughter Edna, two and a half years of age, burn to death, within a few feet of her bed. Mrs. Wagner has been unable to get out of bed for a month. While her nurse was absent the child procured matches and, while playing with them, set fire to her clothing and the curtains. Mrs. Wagner screamed loudly but the child was fatally burned before assistance arrived. After the fire, which had spread about the rooms, had been quenched, Mrs. Wagner was found to be unconscious.

The Stokes Lived in Brooklyn.

New York, May 15.—Margaret Stokes, the nine year old child, who is one of the survivors of the steamship Roraima, which was destroyed at St. Pierre, is the only remaining member of a family of five that lived in Brooklyn up to a few months ago. The child's father was Clement Stokes, at one time a well-to-do merchant of Barbadoes, B. W. I., but for the last few years a bookkeeper for a department store in Brooklyn. Stokes died recently and the widow was returning to the home of a wealthy sister in Barbadoes.

Probably Corrigan's Successor.

Rome, May 15.—There are persistent reports at the Vatican that Bishop Charles McDonnell of Brooklyn, N. Y., is likely to be the successor of the late Archbishop Corrigan of the archdiocese of New York. Nothing, however, has been decided pending receipt of names of three candidates whom the clergy of the archdiocese will send and from which an archbishop will be chosen. High authority at the Vatican said to a correspondent of the Associated Press it seemed as though Bishop McDonnell could have the appointment for asking.

Higher Than for Twenty Years.

Chicago, May 15.—Cattle prices were higher at the Union stock yards Wednesday than for almost 20 years. The top price for the day, \$7.60, was 10 cents in advance of the high mark last week. All the offerings were snapped up. The prices of hogs and sheep also made record marks for the year.

Believed Morgan Has Cunard Line.

London, May 15.—In the house of commons the president of board of trade, Gerald Balfour, informed Rear Admiral Charles Beresford, Conservative, that he had reason to believe a contract existed giving the American shipping combine the right to take over shares of the fleet of the Cunard line.

Brooklyn Gone to Havana.

New York, May 15.—The cruiser Brooklyn has left the Brooklyn navy yard for Havana, where she is to take part in the maneuvers attending the inauguration of President Palma, and bring back Governor Wood.

Raymond L. Drouillet of Denison, Texas, lost four sisters in the St. Pierre disaster.

Parks & Waldrop,
Men's Outfitters.

Galveston News published
a suggestion that should
be acted upon by all parties inter-
ested, to-wit, the truck growers of
this state. The members of the
Brazos county association have a
fine crop of tomatoes coming on,
and should heed this advice, as
well as others. The News says:
Now that the tomato crop of East
Texas is about to come on the mar-
ket, it would be well for the grow-
ers to stop just a moment and con-
sider the question of marketing the
fruit. More tomatoes have been
planted in East Texas this
year than were ever planted
before. In fact the acreage
is enormous, simply because the
vegetable brought a fancy price last
year. Organizations have been
perfected in that section of the
state for marketing the product.
But it is within the range of possi-
bilities that these organizations
may be found competing with each
other. If this should be the case
then there is going to be woe in
East Texas. For if each organiza-
tion sends carloads of tomatoes to
the same town at the same time,
the market will be glutted and the
vegetable will have to be thrown
away. But if, on the contrary,
the organizations act together and
distribute the vegetable to the
different parts of the country as
it is demanded, then the profits
may be large. In fact, to make
matters plain, the safe way might
be to organize a combination of all
the smaller organizations, which
can control the entire output and
thus place it without delay or loss
where it is demanded. The sug-
gestion of the organization of a
"trust" is sufficient to court lynch-
ing, but it seems only a general
combination can insure profits to
the tomato-growers of East Texas
this year.

New Firm.
The undersigned, H. H. Henry
and R. L. Brogdon, having pur-
chased the feed and grain business
of C. F. Moore, beg to announce
that we are now ready for business
at Moore's old stand, with a good
stock on hand, and respectfully
solicit your trade. Mr. August
Kern will remain with us, and
asks his old trade to stay with
him in the new firm. Phone 53.

**FURNITURE AND
UNDERTAKERS**

An up-to-date line of Furniture on hand at all times. Our Undertaking department is complete; calls answered day and night. Hearse and carriages furnished when desired

Chase a Burglar Who Stabbed a Citizen.
 Fort Smith, Ark., May 15.—Smith was rent with excitement yesterday. Determined posses representative citizens secured the country bent upon capturing John Williams, a negro gambler and burglar, who, at 4 o'clock Wednesday morning, entered the residence of P. R. Davis, of the wholesale grocery firm of Reynolds, Davis & Co., and when surprised in his depredations stabbed Mr. Davis several times, inflicting perhaps fatal injuries.

Mr. Davis is quite old. Nevertheless he grappled with Williams and struck him several times with a revolver, but refrained from shooting until the negro ran. Then he fired five shots, and not until later did he realize that he was stabbed. One of the shots took effect, and the negro was trailed by his blood to the home of a negro doctor, where officers later found the bloody clothing that fixed the identity of the marauder.

In response to a call from Mayor Garrett, and a reward of \$200, offered by relatives of the injured citizen, who is one of the most prominent and highly respected residents of the city, posses composed of the best citizenship began a house to house search for Williams, covering the negro houses in the city and vicinity. A number of law-abiding negroes joined in the hunt.

One of the parties approached a shack about a mile from town, where a number of negroes were congregated, who fired upon the possemen without effect.

The fire was returned and a Winchester ball struck a negro named Sarter, passing through the body and causing death shortly afterward. The others in the shack fled. One of those who escaped answers the description of Williams.

A telegram from Van Buren says Williams was captured by a constable and deputy sheriff three miles west of that city and taken to Van Buren and jailed. Williams has two wounds in his body. He made no resistance when arrested.

Farewell Banquet to Reid.
 New York, May 15.—Hon. Whitelaw Reid was the guest of honor at a farewell banquet given at the Union League club Wednesday night in anticipation of his approaching departure for London as special ambassador of the United States at the coronation of King Edward VII. The banquet was attended by about 100 gentlemen, including many prominent figures in politics, finance and journalism from all sections of the country.

McKinley Memorial College.
 Washington, May 15.—In the presence of a large audience President Roosevelt Wednesday laid the cornerstone of the McKinley Memorial Ohio College of Government of the American university, located a few miles outside of this city in the northwestern part of the District of Columbia. When the building is completed it will be devoted to studies embracing diplomacy, municipal government, arbitration, civics and international law. Several prominent persons made addresses, the most impressive being Senator Hanna's, his voice tremored with emotion.

Wages Increased.
 Louisville, May 15.—On account of the increase in the cost of living the Continental Tobacco company has ordered an increase of 10 per cent in the wages of all its Louisville employees, who number more than 500. It is said the order will be made general and the 30,000 to 35,000 employees throughout the United States will be benefited equally.

Killed in a Runaway.
 Guthrie, O. T., May 15.—S. J. Scott of La Plata, Mo., was killed in a runaway at Ponca City, O. T. He had been visiting his son at Cross and in returning there from Ponca got into a passing buggy to ride. He died within two hours after the runaway. He was a civil war veteran, 60 years old.

Old Man Cutting New Teeth.
 Cleburne, Tex., May 15.—J. W. Palmer of this city, who is 62 years old, is showing a new set of teeth which he is just beginning to cut. He said he cut his teeth as a child and when recently they turned black he had them pulled out and the new ones began to grow.

Temperature Increased.
 Monterey, Mex., May 15.—Since the volcanic disturbances in the island of Martinique the temperature of the water at Topo Chico hot springs near this city has increased six degrees. The normal temperature of the springs is 104 degrees and thermometer tests now show a temperature of 110 degrees.

WANTED TO SELL that farm for those City Lots you are hereby notified that we would be pleased to have them on our list as early as possible in order to have them well advertised before summer.

The great success we had last season and the enormous amount of advertising and rustling we are doing at present is conclusive evidence that we are going to do the largest business ever done in Central Texas, this season.

If you are willing to sell your land at reasonable figures call at our office at your earliest convenience.

FURNITURE AND

UNDERTAKERS

An up-to-date line of Furniture on hand at all times. Our Undertaking department is complete; calls answered day and night. Hearse and carriages furnished when desired

Smith was rent with excitement Tuesday. Determined posses of representative citizens secured the country bent upon capturing John Williams, a negro gambler and burglar, who, at 4 o'clock Wednesday morning, entered the residence of P. R. Davis, of the wholesale grocery firm of Reynolds, Davis & Co., and when surprised in his depredations stabbed Mr. Davis several times, inflicting perhaps fatal injuries.

Mr. Davis is quite old. Nevertheless he grappled with Williams and struck him several times with a revolver, but refrained from shooting until the negro ran. Then he fired five shots, and not until later did he realize that he was stabbed. One of the shots took effect, and the negro was trailed by his blood to the home of a negro doctor, where officers later found the bloody clothing that fixed the identity of the marauder.

In response to a call from Mayor Garrett, and a reward of \$200, offered by relatives of the injured citizen, who is one of the most prominent and highly respected residents of the city, posses composed of the best citizenship began a house to house search for Williams, covering the negro houses in the city and vicinity. A number of law-abiding negroes joined in the hunt.

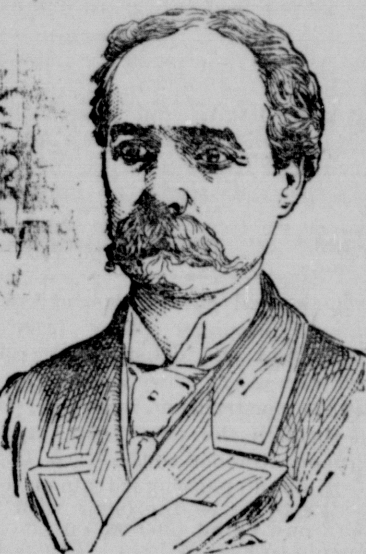

One of the parties approached a shack about a mile from town, where a number of negroes were congregated, who fired upon the possemen without effect.

The fire was returned and a Winchester ball struck a negro named Sarter, passing through the body and causing death shortly afterward. The others in the shack fled. One of those who escaped answers the description of Williams.

A telegram from Van Buren says Williams was captured by a constable and deputy sheriff three miles west of that city and taken to Van Buren and jailed. Williams has two wounds in his body. He made no resistance when arrested.

Farewell Banquet to Reid.

New York, May 15.—Hon. Whitelaw Reid was the guest of honor at a farewell banquet given at the Union League club Wednesday night in anticipation of his approaching departure for London as special ambassador of the United States at the coronation of King Edward VII. The banquet was attended by about 100 gentlemen, including many prominent figures in politics, finance and journalism from all sections of the country.

WHITELAW REID.

ure for London as special ambassador of the United States at the coronation of King Edward VII. The banquet was attended by about 100 gentlemen, including many prominent figures in politics, finance and journalism from all sections of the country.

McKinley Memorial College.

Washington, May 15.—In the presence of a large audience President Roosevelt Wednesday laid the cornerstone of the McKinley Memorial Ohio College of Government of the American university, located a few miles outside of this city in the northwestern part of the District of Columbia. When the building is completed it will be devoted to studies embracing diplomacy, municipal government, arbitration, civics and international law. Several prominent persons made addresses, the most impressing being Senator Hanna's, his voice tremored with emotion.

Wages Increased.

Louisville, May 15.—On account of the increase in the cost of living the Continental Tobacco company has ordered an increase of 10 per cent in the wages of all its Louisville employees, who number more than 500. It is said the order will be made general and the 30,000 to 35,000 employees throughout the United States will be benefited equally.

Killed in a Runaway.

Guthrie, O. T., May 15.—S. J. Scott of La Plata, Mo., was killed in a runaway at Ponca City, O. T. He had been visiting his son at Cross and in returning there from Ponca got into a passing buggy to ride. He died within two hours after the runaway. He was a civil war veteran, 60 years old.

Old Man Cutting New Teeth.

Cleburne, Tex., May 15.—J. W. Palmer of this city, who is 62 years old, is showing a new set of teeth which he is just beginning to cut. He said he cut his teeth as a child and when recently they turned black he had them pulled out and the new ones began to grow.

Temperature Increased.

Monterey, Mex., May 15.—Since the volcanic disturbances in the island of Martinique the temperature of the water at Topo Chico hot springs near this city has increased six degrees. The normal temperature of the springs is 104 degrees and thermometer tests now show a temperature of 110 degrees.

are hereby notified that we would be pleased to have them on our list as early as possible in order to have them well advertised before summer.

The great success we had last season and the enormous amount of advertising and rustling we are doing at present is conclusive evidence that we are going to do the largest business ever done in Central Texas, this season.

If you are willing to sell your land at reasonable figures call at our office at your earliest convenience.
